DAY OF ATONEMENT. January 22nd is a special day for the Church in the United States to remember in prayer the millions of unborn lives that were snuffed out through the legalization of abortion in this country. We pray for these holy innocents and for the healing of so many mothers and fathers who regret their sin and mourn for the loss of their children before they even had the opportunity to enjoy life. We must pray also for the conversion of our government leaders whose silence or outright support for abortion on demand will allow this evil to continue. St. Teresa of Calcutta commented that a nation that destroys its own unborn is a nation that will not last.

**WEEK OF PRAYER FOR CHRISTIAN UNITY:**

January 18th to January 25th. One of the greatest sins of the followers of Jesus Christ is the division and discord that has divided believers. Political intrigue, jealousy, abuse of power and theological misunderstanding have torn apart the Body of Christ. We pray, as Jesus prayed, that we may be one as He and his Heavenly Father are one. This is a week for Christian churches to look deeply into our past and seek healing for the wounds of division among the faithful. How many non-Christians look at us with utter dismay when we call for unity and peace in the world while we still suffer from so much mistrust and division among ourselves. Like the ancient patriarchal Churches of Jerusalem, Antioch, Alexandria, Constantinople and Rome who each developed their own diverse customs and traditions, there was always the unifying foundation of one Church, one Lord, one Baptism, one Eucharist, one Faith. We conclude this week of prayer on the feast of the Conversion of St. Paul, a reminder that we are all called to a conversion of heart and spirit as we pray and work for greater unity in the Mystical Body of Christ, the Church.

DANES JE 2. NAVADNA NEDELJA.

TEDEN MOLITVE ZA EDINOST KRISTJANOV: 18. DO 25. JANUARJA. Eden največji greh naslednikov Jezusa Kristusa, je razkol in nesoglasje kar razdeli vernike. Politične spletke, zavist, zloraba moči in teologično nerazumevanje je raztrgalo narazen Telo Kristusa. Molimo, kot je Jezus molil, da bi bili mi eno kot On in njegov nebeški Oče sta eno. Ta teden naj krščanske Cerkve pogledajo globoko v našo preteklost in iščejo zdravljenje za rane razkola med verniki. Koliko ne-kristjanov gleda na nas z nezaupanjem, kadar mi pozivamo za zedenjenje in mir v svetu, medtem še vedno trpimo od toliko nezaupanja in razkolov med nami. Kakor starodavne patriarhalne Cerkve Jeruzalema, Antiohije, Aleksandrije, Carigrada in Rima, ki je vsaka razvila njihove lastne različne navade in tradicije, toda je bil vedno združen temelj, da je ena Cerkev, en Gospod, en krst, ena Evharistija, ena vera. Mi zaključujemo ta teden molitve na praznik, Spreobrnjenja Sv. Pavla, spomin da smo vsi poklicani v spreobrnjenje srca in duha, ko molimo in delamo za večjo edinost v Mističnem telesu Kristusa, Cerkve.

ČASTIVREDNI FREDERIK BARAGA 19.januarja 1868, je škof Frederik Baraga, prvi škof v Marquette-u, Michigan vstopil v večni pokoj po služenju kot eden od velikih misijonarjev Indijanskemu ljudstvu in prvim naseljencem, posebno na Upper Peninsula. Molimo, da bi bil kmalu spoznan za njegovo svetništvo in izjavljen za svetnika Cerkve. Častivredni škof Baraga, prosi za nas!

DAN ZADOŠČENJA. 22. januarju je poseben dan za Cerkev v Združenih državah, da se spomni v molitvi milijone nerojenih življenj, ki so bili zadušeni po zakonitvi splava v tej deželi. Molimo za te svete nedolžne in za zdravljenje mnogih mater in očetov, ko obžalujejo njihov greh in žalujejo za izgubo njihovih otrok predno so imeli priložnost uživati življenje. Moliti moramo tudi za spreobrnitev naših državnih voditeljev katerih molk ali brez pridržkov podpirajo splav na zahtevo bodo dopustili, da se ta hudobija nadaljuje. Sv. Terezija iz Kalkute je pripomnila, da narod, ki uničuje njihove nerojene, je narod ki ne bo obstal.

Najbolj pomembno je, da vsakdo odkrije smisel življenja, vrednote za katere se zavzema, in tako oblikuje svoje življenje, da doživlja duhovno bogastvo in je pri tem srečen (Alojzij Šuštar)
